

Hunt Brothers WINGS!

Southern Style & Hot 'n Spicy

FRIED WINGS

Use only FROZEN wings, no thawing necessary.

Autofry
Heat oil to 350°.
Set time for 5 minutes.
Load wings into the food chute (no more than 25 at one time), keeping portions equal between flats and drums.
Close food chute and press START button.

Open Fryer
Place approximately 25 wings into the basket, keeping portions equal between flats and drums.
Recommended time and oil temperature is 350° for 5 minutes (will vary based on fryer model).
Place basket into fryer and set timer.
Carefully shake the basket half-way through cooking process to prevent wings from clumping.

Internal wing temperature must be a minimum of 165° when fully cooked.

Regardless of quantity, always box in equal amounts of flats and drums.

Use a Hunt Brothers® wings box for orders of 5 or 10 pieces.

Mark box appropriately to indicate type and quantity of wings.

For orders of 25 pieces or more use a Hunt Brothers™ 12" pizza box. It is recommended that you place a baking sheet liner in the bottom of the pizza box when using it for wings.

Note: Discard baking sheet after each use.

Frozen shelf life is 6 months (180 days) from date of delivery. Both flavors are freezer to oven; no thawing required.

**Hunt Brothers Pizza follows ServeSafe guidelines. Please check your local health department regulations.*

Hunt Brothers™ WINGS!

Southern Style & Hot 'n Spicy

BAKED WINGS

Thaw wings for a minimum of 48 hours.
Internal wing temperature should be 36°- 41° before baking.

Place a baking sheet (do not use aluminum foil or wax paper) on the baking pan.
Place wings on the pan, equal amounts flats and drums.
Place the baking pan ½"-1" from edge of oven.

Wings bake at 550° for 6 minutes; same time and temperature as pizza.
Discard baking sheet (do not reuse) and box wings accordingly.
Internal wing temperature must be a minimum of 165° when fully cooked.
